Mrs. Henderson Home from Trip

Mrs. Clyde Henderson of 25835 Cypress st. has returned home from a six weeks' trip to the northern part of the state. Mrs. Henderson spent a month visiting with her cousin and family, Mr. and Mrs. W. E. Price, who run a dairy farm 35 miles east of Sacramento. Mrs. Henderson spent another week with two brothers, R. W. Vincent and J. P. Vincent and their families at Palo Alto.

Mrs. Henderson spent a day in San Francisco and was very fortunate to see the demonstration of the new "Hillercopter," a new machine designed by a young man named Hiller.

CRUDE OUTPUT INCREASE IS PERMITTED

Output of crude petroleum in California has been stepped up to a wartime peak, under direction of the Petroleum Administration for War, vice-hes...
...a certificate of increased production...
...the maximum efficient rate levels, according to E. E. Pyles, chairman of production committee.

Pyles expressed the urgent need for maximum crude production to the California oil operators at the regular meeting of the conservation committee held in Los Angeles on Wednesday, Aug. 30, 1944. He went on to state that the added military requirements to supply the Pacific theatre have necessitated increasing the production rate in the state for September by 15,000 B/D above the level determined as good operating practice. He also stated that despite the present high production in California, it had become necessary to import to the coast from inland points by rail shipments, very substantial quantities of petroleum products. Arrangements are now being made to further increase these rail shipments into the district. He called attention to the plan for shipping West Texas crude to the Pacific Coast. Pyles further warned the operators that the only conditions which could relieve the present strain on California oil fields and permit a resumption of normal field operation at lower production levels, was the importation of crude or the conclusion of the war in Europe.

Lt. R. E. Jones Ready for Duty In War Area

2nd Lt. Robert Eugene Jones the son of Mr. and Mrs. Floyd P. Jones of Rt. 1, Box 103, Roll...

ing Hills, Calif., recently completed an orientation course designed to bridge the gap between training in the states and combat soldiering against the enemy in France.

At this Air Service Command station 2nd Lt. Jones attended a series of lectures given by veterans of this command which included instructions on chemical warfare defense and pertinent tips on staying healthy in a combat zone.

His next station will be one from which America's fighting planes cover our liberation of Occupied Europe.

Before entering the Army Air Forces, he was a student at the Long Beach Junior College.

WADE LARSON... a seaman 1/c, visited last weekend at the home of his uncle and aunt, Mr. and Mrs. John Keefer.

Keep the safety lock on until ready to shoot your gun.

Don't leave your gun and shells near a stove or fireplace. Gunpowder and liquor don't mix - so don't try it.

Williamson Opens Serve-Self Laundry

Opening of Torrance's first wartime "Serve Yourself Laundry" is announced this week by Dee Williamson, who has provided individual washing machines, tubs, wringers and abundant hot water at 1650 Cabrillo ave., corner of Garvey, in the Torrance Hotel building.

If you do not have a washing machine, you may bring your clothes to this modern...
...washing with the least effort possible and at a reasonable price. Williamson states. All you are required to furnish is soap and bleach.

The service yourself Laundry is open daily from 7 a.m. to 5 p.m.

BUDDE GUTTENFELDER... an aviation cadet, has been transferred from Santa Ana Army Air Base to Thunderbird Field, Glendale, Ariz.

Fishing is good in the North Fork of the Yuba River and in the Lake Basin area.

Torrance Gets Big Slice of War Contracts Let During Last Month

Torrance plants got a nice slice of the new war contracts totaling \$397,294,208.55 which were approved for assignment to Southern plants during August and announced by Chairman Louis M. Dreves of the Los Angeles area production urgency committee.

The huge total represents the largest single month's awards in the committee's history, Dreves said, indicating that there is no slackening in the pace of war production in Southern California. The tabulation confirms a recent survey indicating that new contracts have been outnumbering cutbacks by a three-to-one ratio.

"This new work represents an assignment that will stretch out Southern California's war job far into the future, well beyond the fall of Germany," the WPB chief declared.

"Most of the production schedules involved call for material to be used in the Pacific war. The fact that only 397 new employees will be required means sustained employment for the war workers already on the job in this area."

Aircraft accounted for a major part of the total, with contracts aggregating \$291,452,852.19. Next largest share was for ship construction totaling \$92,243,607.78.

Dreves said that the work was contained in exactly 200 prime contracts and that needed manpower will be secured in large part by utilizing the working forces of small subcontracting plants.

Relatively little construction of new factories was approved during August under the committee's policy of keeping existing plants busy instead of creating new ones to divide the work. Authorized construction totaled \$15,256,499.16, a seven million dollar share going to the Navy for additions to its multi-million dollar facilities program here. More than three million dollars consisted of additions to the high-octane gasoline program.

A total of \$2,098,545.50 in construction applications was denied, saving 498,312 man-hours for more urgent work.

Forty-Six Sign Up for T.H.S. 'B' Grid Eleven

By **BUD SMITH**
Forty-six hopefuls signed up for the Torrance "Bee" football team, of whom nearly 50 percent are experienced. Although there has been very little time to look the boys over, it appears it will be a very well rounded squad. Of the experienced boys, nine lettered last season.

The boys are high in spirits and expect to be very successful this season. Hopes are running very high for bringing home the championship but the race for top team this year will be very close.

The monogram winners spoken of were: Norman Baker, c.; Doug Bodner, g.; Ralph George, q.b.; Walt Hillier, e.; Shird Kelton, g.; Jay Stroh, g.; Bud Smith, e.; Gil Bennett, b.; Bill Turrentine, b., the latter being from Narbonne.

FAT CARLIN... a pharmacist's mate 1/c, serving with the WAVE at San Diego, enjoyed a 72-hour pass when she visited here last weekend.

COMPLETES COURSE... Charles E. Daly is now a flight lieutenant, having just completed primary flight training at Thunderbird Field, Glendale, Ariz. His wife, Kathryn, lives in San Pedro and his mother, Mrs. Florence Waugh, lives here at 2472 227th st. He was graduated from Torrance high school.

FRANK E. KELLEY... a lieutenant, serving as a pilot in A.A.F., upon his recent arrival in Italy met Lt. Thurlow Weir and was later assigned to his squadron.

Servicemen's stationery? Call Torrance 444 or 443.

OBITUARY

EVERETT R. KIRKLAND

Everett Richard Kirkland, 46, of 2108 Cabrillo ave., died in a Los Angeles hospital Tuesday of injuries received in an accident at the Southern Pacific shops, where he was employed as a student fireman. He was the husband of Renabell Kirkland of Torrance and has a son, Robert Richard Kirkland, 23, an air cadet in the Army Air Forces at New Haven, Conn. Also surviving are two daughters, Mrs. Mary Elizabeth Mims and Mrs. Wilma Louise Sanders, both of Torrance; a sister, Mrs. Mavourneen Michael of New York City, and a brother, Wade Kirkland of Waco, Texas.

Services have been set tentatively for Saturday at 2 p.m. in Stone & Myers chapel, with interment in Inglewood cemetery. Final arrangements are being withheld pending decision on an inquest.

All roads leading into Crater Lake National Park, Oregon, are open.
